Solutions are boundless....

Challenges in Environmental Science & Engineering

CESE

conference

Since 2008

Australia

Century Park Hotel
Bangkok, Thailand
& ONLINE
23 – 27 November 2026

Key Dates

Abstracts submission opens: 1 April 2026

Notification of acceptance: 1 August 2026

Early bird registration: 1 September 2026

Late registration: 23 October 2026
(to be included in the abstracts book)

CHALLENGES IN ENVIRONMENTAL SCIENCE & ENGINEERING

CESE-2026

THEMES

1. Membrane Technology and Nano Technology
2. Wastewater: Pollution Prevention and Treatment
3. Resources and Wastes: Management and Recovery of Materials and Energy
4. Air Pollution: Prevention and Treatment
5. Sustainable Catchments & Renewable Energy
6. Cleaner Production and Emerging Sustainable Practices
7. Appropriate Technology for Sustainability and Climate Change Adaptation/Mitigation
8. Soil Sustainability and Contaminated Soils and Sediments
9. CO_2 capture and utilisation
10. Hydrogen economy and technologies

SPECIAL ISSUES

We are communicating with high impact journals published by Elsevier, Springer, Wiley, Frontiers and ACS

Keynote Speakers

Professor Bart Van der Bruggen
KU Leuven, Belgium

Assoc .Professor Ekbordin Winijkul
Asian Institute of Technology, Thailand

Assoc. Professor Sirintornthep Towprayoon
King Mongkut's University of Technology Thonburi, Thailand

Professor Shinya Echigo
Kyoto University, Japan

Contact: cese.conference@gmail.com
Dr. Li Shu (li.shu846@gmail.com)
Professor Chart Chiemchaisri
(fengccc@ku.ac.th)

PROGRAM

Registration and display of posters & welcome drinks
November 23, 2026

Opening ceremony, plenary session & keynote speeches, parallel sessions
November 24, 2026

Poster session
November 24, 2026

Students/Young Scientists presentations November 25, 2026

Poster session
November 25, 2026

Gala dinner & oral/poster presentation awards
November 25, 2026

Parallel sessions
November 26, 2026

Field trip
November 27, 2026

The 19th annual International Conference on the "Challenges in Environmental Science and Engineering" (CESE-2026) is set to take place at Century Park Hotel in Bangkok, Thailand. Online presentations will be available as an option, and the organizers will inform attendees in advance regarding the scheduling of these presentations. The conference is an opportunity for researchers, policy-makers, academics, students, and members of the community who are passionate about finding sustainable solutions to environmental issues to gather in person or virtually. Whether you attend in Bangkok or online, you will have the chance to share your knowledge and contribute to shaping the future of environmental science and engineering. We encourage all interested individuals to reserve their time to attend the conference and participate in the conversation.
